

A JUST DECISION.

The Courts of Sacramento have decided that the Bee was right in discharging an incompetent stereotyper, and the boycotters have been enjoined.

The Bee is to be congratulated on the vigorous manner in which it met the issues forced on it by the Federated Trades.

It was proven in Court that the discharged employe was let out for incompetency, and not because he was a Union man. This was also shown from the fact that the one who succeeded him was a Union man.

It is ridiculous to assert that any organized body of men have the right to say to an employer that he must be compelled to employ people whose work does not give him satisfaction. The party paying the wages has this right, and no other. We believe that the man who was discharged laid it to the fact that he was a Union man to cover up the real fact of his incompetency, and the Federated Trades were deceived into taking up the quarrel.

There are times when strikes are necessary to compel employers to recognize certain rights of the people they employ, but this was not an occasion for any such foolish action.

COAST NEWS.

A. Cohen, an alleged bank thief, has been arrested at Tacoma.

A Chinese leper has been discovered in an old hut at Sacramento.

Arizona has 701 miles of irrigating canals that furnish water to 300,000 acres.

A company of Iowa capitalists intend to start a barrel factory at Salt Lake City that will turn out 500 a day.

John Garrison, bachelor ranch, near Canon City, Grant county, Or., was burned to death in his cabin Monday.

Andrew Marro and Jules Rodgers have been placed under lock and key at Portland for securing money on forged checks.

The Arizona Stock Grower predicts that yearling steers will be worth \$20 a head before 1893, also that prime beef will bring 9 cents per pound before the 4th of July, 1891. It is now from 2 1/2 to 4 cents.

The Board of Trade at Eugene City, Or., has adopted a policy of mutual protection for the merchants against dead beats. A blacklist will be established, and when a man refuses to pay a store bill his name will go on record, so as to warn others.

E. E. Scott, a merchant of Maxwell, was taken to Colusa by Deputy Sheriff Thompson on a charge of criminal libel preferred by Mrs. Dr. Roove, Postmistress at that place. Scott is an ex-Postmaster, and notices were posted giving the postoffice a bad name and telling of gross misconduct on the part of the Postmistress.

A train on the Hunt system, says a Portland dispatch, loaded with stock was detained in a deep cut all last night by "tumble weeds" on the track. These weeds, which grow to height of about two feet, with incurving branches, which give them a globular form, flourish on summer fallow in that section, and when torn up by harrows roll before the wind till stopped by a fence or a railroad cut. Crushed beneath the wheels the weeds greased the track.

This is the way a dramatic paper in New York booms a society woman on her debut:

Last night Mrs. Leslie Carter justified the warmest hopes of the friends who for the past year have been predicting for her and unusual success. She tripped on the big stage of the Broadway Theater last night about 8:50, clad in clinging robes well calculated to show the contour of her lithe, long limbs.

By dispensing with the clinging robes altogether she will draw still larger audiences.

Our brother of the Laramie Times has become poetical and gushed forth the following: "With silent footsteps the beautiful snow stole silently down from heaven yesterday and the darkened soil reached up and yanked it in."

THE MANHATTAN
Life Insurance Co.,
OF NEW YORK.
ASSETS - - \$12,000,000.
BETTER THAN A
GOVERNMENT BOND.

The MANHATTAN for a limited period will offer the residents of Nevada a Bond Combining Insurance and investment that is in reach of all and which every healthy able-bodied man in the State should possess--for the protection of himself and family.

In explanation read what follows: Suppose a special agent of the U. S. Treasury Department should call on you today and say: The Government would like to sell you bonds for any amount between \$1,000 and \$30,000 and if it is not convenient for you to make the investment at once, we will allow you to pay for the bonds in

Ten Equal Annual Installments.

And, suppose, in addition to this, the Government, wishing to make this the most desirable investment in the world, should stipulate in the bond, not only to pay them at the end of the term, but in case of your previous death, to pay them to your family and AT THE SAME TIME RELEASE YOUR FAMILY FROM PAYING ANY FURTHER MONEY.

Would you not at once close with such an offer? And yet this is practically what the Manhattan Life Insurance Company, of New York has done and is doing.
